Turning Trinkets To Treasure

July Charity Yard Sale: A Super Success

Over the course of just one week in July, our amazing neighbors, donors and friends (and even a few new friends we met through Craigslist) filled a room at our Normandy campus with donations of their old trinkets, clothing, appliances and electronics. We turned their gifts and trinkets into treasure that will feed more than 250 families through the Community Life Center's Community Pantry program!

Nearly \$1,000 was raised at the one-day charity yard sale to benefit the Community Life Center. And even after the sale ended, the Unexpected Kindness continued as the items not sold were sent to a partner church of Community Life Center for their upcoming charity yard sale to benefit youth activities and programs.

The sale was yet another example of the tidal wave of kindness and love we see rolling through our community each day to bring transformation and hope to our neighbors. That's what we call that a whopping success!

So to all who donated items to the event, those who worked the long hot day with us, and to those who purchased all of the fabulous donated items we sold.... please accept this hearty and love-filled THANK YOU from the Board of Directors at Community Life Center!

Kindness Rolls In Like A Tidal Wave!

CLC sends a big THANK YOU to the Rotary Club of Debarry/Deltona, and Florida Hospital Fish Memorial, for their recent donations of cash, food and bottled water. We couldn't do what we do each month without awesome community partners like YOU!

Volunteer Central

Community Life Center is always in search of people with giving hearts who want to help transform our community. Here is how you can help:

Like to COOK?

We are searching for **someone with restaurant management experience** to lead our community dinner program, "Our Father's Table." If you or someone you know fit this description, can be available 2 Fridays each month, and have a heart to help our neighbors, email us at CommunityLife@PRFchurch.org.

We also are seeking people to prepare and cook for these meals. Kitchen helpers should be available to work a 4-hour shift between 12 p.m. and 8 p.m. two Fridays per month starting in Sept. and be a smiling face with attention to detail and a willingness to follow the instructions and leadership of the on-duty kitchen manager.

Volunteer Spotlight

MEET ALICE AND MARILYN

Marilyn Pingue (left) and Alice Payton (right) are the Community Life Center's favorite bread runners.

These beautiful women give up their Saturday mornings to collect, count and mark our bread supplies donated by area supermarkets and restaurants, like Publix and Subway. And that's a daunting task considering how many hundreds of bread loaves come into the Community Life Center each week only to immediately go back out again into the homes and mouths of our favorite West Volusia neighbors in need!

These amazing women can be found hard at work nearly every Saturday morning, despite the very early shift the bread running job requires.

The primo pair began working for Community Life Center six months ago and quickly earned a precious place in the hearts of our leaders and volunteers with their fun personalities and witty sense of humor. The duo brings life and joy to every room they enter!

Marilyn and Alice say they enjoy working the ever-important job of handling the bread and pastry products donated to Community Life Center because it keeps them from whiling away their Saturday mornings spending money or doing less fulfilling things, like scouring local garage sales for deals.

These beautiful ladies are fully committed to the work of helping other people in the area and transforming our local community for the better. In addition to their work at Community Life Center, Marilyn and Alice also work with the Orlando Children's Church on a year-round project that has them collecting items for local children to receive at Christmas time.

Marilyn is a widow who has two daughters living in Oklahoma City and Alice is married with three daughters and a son. The dynamic duo have lived side-by-side in their neighboring homes for 15 years and their lasting friendship shines through their smiles whenever they are together.

*** We love you Marilyn & Alice! ***
